SOLUTION VISION

VISION STATEMENT

For the XXX PR department

Who wishes to increase employees' involvement in corporate life and develop corporate culture, to facilitate the onboarding process for newcomers, and to simplify interaction with the company's information resources for all employees,

The new XXX portal

Is an updated corporate Intranet website

That will provide the ability to manage employees' daily routine and get corporate news in one place.

Unlike the existing XXX portal with low employees' traffic, no obvious information placement logic, and a weak search engine,

Our product will provide employees clear and simple experience of managing daily work routines and getting actual search results, which will increase employees' loyalty and satisfaction level and decrease the quantity of the same-type questions to the PR department.
